ELA International Patient Services

India's Best Fertility Health Care Facilitator

Joy of Parenthood knows no Boundaries!

Every year, Ela International Patient Portal facilitates patients travelling from 167+ countries to seek fertility treatment at our partner hospitals all across India – into IVF, IUI, Surrogacy, etc. Our highly experience facilitation staff knows exactly how to assist patients with best possible care treatments possible in India making sure that Parenthood is no more a dream.

Making Little Miracles Every Day

 **ElaWoman**
IVF. IUI. Surrogacy

What's ELA for you?

Ela is India's only Fertility healthcare facilitator helping International patients to realize their dream of parenthood. The International Patient Services at Ela Woman is dedicated to ensuring that patients have a hassle-free, comfortable and successful Fertility Journey here in India.

Medical History Analysis and Budget

We analyze your medical history and suggest you the best Doctors and hospitals in India with the right experience to your specific medical history. We suggest Doctors based on your budget constraints and expected success rate.

Complete treatment Quote before your travel

After analyzing your reports and the medical history, our partner doctors and hospitals will provide the price quote for the entire treatment with no hidden charges. Moreover Ela's International Patient Services team will help you estimate your travel and stay costs in India for your entire treatment period - so that you can have a complete budget idea for your Medical Trip.

GET e-Consultation before the trip

Before you make travel plans, we can schedule for you a FREE online (Audio/video) appointment with your chosen Doctor and Fertility Expert to discuss your medical condition in detail help you clarify all your questions.

International Patient Services and Assistance

On confirming your travel dates, Ela team will assist you with all the services like VISA Assistance, Accommodation Assistance, Travel Document Arrangement, Travel insurance, Airport pick-up-drop and Local transfers, Legal Formalities, 24 hour Patient Assistance, Doctor & Emergency Helpline, Local call connect, Language Interpreters, Diet and Nutrition Counseling - to make your Fertility Stay in India a perfect and pleasant experience.

Get assistance from admission to discharge

At the hospital, beginning with the admission process, doctor consultations and treatment, all the way to success and discharge, we will be with you at each and every step of the way. Our Ela Buddies will stay with you to address all your concerns and doubts at each point of the journey. Also you get exclusive access to our Ela Connect Technology Platform to always stay abreast with your treatment journey.

All Documentation are taken care of

On discharge from the hospital we assist you with all your post hospitalization queries, arrange all your medical reports, support you through the discharge process and finally bring you the big news at the right time. Ela makes it easy to contact your doctor once you are back home through our user friendly online phone, video or email consultation service.

ELA Success Rate

Ela has facilitated more than 42000+ successful cases, be it for IVF, ICSI, IUI, Surrogacy or FET. Below are our live birth rates for some of the Specific treatments (in 2017).

WHERE
MIRACLES
BEGIN

Ela Partnered Hospitals

Ela partners with only the most trusted names in healthcare and fertility segment. These hospitals form the backbone of medical travel in India. Ela offer one of the most affordable yet quality fertility treatments and surgeries to its patients. Be it IVF, Surrogacy, IMSI, IUI or Laparoscopy; our partner hospital and medical care facilities are the names which could be trusted with healthcare service owing to their commitment to excellence and care.

Below is the list of some of our International Partner Hospitals.

- Apollo Group of Hospitals
- SCI IVF Centre
- Fortis Group of Hospitals
- Aveya IVF & Fertility Centre
- International Fertility Centre
- Artemis Health Institute
- ...1100 other Hospitals

Ela believes in complete transparency and ensures that there is no price differentiation for domestic and international patients. Ela only work with JCI, NABH, and NABL accredited hospitals and centers.

“

Applause to the transparency with which Ela works

I did not know that there was any issue that was preventing me from getting pregnant. But I must applaud the experts at Ela who addressed all my fertility queries with professionalism and compassion. They suggested me the best Doctor with right experience and also gave me the exact rate sheet well before my flying out date from London. They calmed my fears in a new country by charting out a path to successful treatment even before my treatment could start and now I have my little bundle of Joy. Thanks a lot Ela.”

Susan Hoyle, *Preston, UK*

“

The Infrastructure is top-notch

Ela has a Success rate of 74% into IVF compared to 40% in hospitals here in Germany. A lot is because of their data driven approach of selection partners and because of their mapping of patient Medical condition to the right Doctor and IVF centre based on experience. I would like to thank Ela Fertility for fulfilling my dream of motherhood. The infrastructure is top-notch at all the partners I visited through Ela and doctors are very very professional. I highly recommend Ela Fertility to all people who are struggling with any problem related to fertility.

Jayne Cowland, *Bremen, Germany*

“

I highly recommend Ela Fertility.

The first thing we thought about after deciding to opt for IVF is how to manage our finance. We did not want to compromise on the quality of the IVF clinic and at the same time wanted an IVF package that is customized, compact and cost-effective. I'm glad that we found Ela to help us with managing our budget and also assist with world-class treatment at its Partner Hospitals. I highly recommend Ela Fertility to all the people who are planning to opt for IVF or Surrogacy.

Hakim Laafri, *Kabul, Afghanistan*
